Chapter 4: Additional Action Item

Now I want you to be in yours because this is such a part of the deep spiritual process that you might have to resist, as I said at the beginning of the call by allowing yourself to relive the relief that surrounds it. And you might also question the relief. There might be a piece of you that says “Oh, that, whatever, I don’t feel any different that isn’t working for me.” If you feel that, question yourself really, that I’m not letting myself feel any relief around that. Now, what I see happen time and time again, I’m not guaranteeing this, but I want you to be aware that if it starts happening to you, that you know that it’s okay and part of the process. I have many times seen and heard of things being cleared in the external physical state after we ended this process. Phone calls, they’re suddenly receiving letters, they’re suddenly receiving emails, they’re suddenly receiving things about suddenly moving and processing without them even saying on a typical plain. So, that does often happen. I just want you to know it’s all good, just receive it. Let the miracle unfold. Let it be what it is, and enjoy it. Enjoy this layer; this is a phenomenon layer, let the forgiveness go, be at peace, choose the relief, chose the relief in this layer.

Now the other piece that I want to touch on is we are going to have a little bit, ill check your schedules, bit of a break and in between this piece and the next piece. So, in that transitory time, I want you to be aware of this forgiveness, and see how much relief you can actually allow yourself to feel into, right, the memories that forgiveness will require. All the pieces of you that are seeking forgiveness be aware of that, and I also want you to know, go back and reconnect with your vision, your original vision. Whether your vision is present for you, the vision that you held at the very beginning of the call has transformed to whatever your current vision is. And I want you to revisit that vision, I want you to reevaluate your vision, and I want you to between now and the next time that we connect for the Q & A call. That’s coming up. But for the next time we connect,

a new layer, the seventh layer, I want you to have evaluated your vision and be able to answer the questions, What insight have you gained thus far? And how has your vision changed, how is it transformed? We want to be able to reevaluate in the next layer what pieces of your vision you're overly attached to and what pieces you're letting to breathe, you're allowing to breathe and allowing to transform naturally on their own. With that, a couple of feelings, some that I'm going to invite you to tap into, around this layer particularly is where you're surprised that there's a place that needed forgiveness. I know I was, right? And I always am when I do this process because this is not a process you can approach intellectually but you can just hear this process; you must experience this process. So if you've being distracted doing other things or checking email or listen to "Oh yeah, that sounds nice, okay," you must experience this, and experience it in the exact way that I shared. How you see yourself now, how you experience the forgiveness process now, there's typically the relief, and there's typically a feeling of freedom, a feeling of authentic courage that comes, through. That's how I experience it, so how do you feel? And how do you see yourself now? How do you want to utilize this layer, this forgives layer moving forward? How do you want to gift yourself the opportunity to have this be part of your process? And how could unlocking this energy help you move more quickly towards your vision? Those are the pieces that I want you to begin to contemplate between now and the next time that we meet. Okay? This is a powerful layer, ladies and it's not the first time you've heard me say it's a powerful layer, and it won't be the last time because they all are extremely powerful. This one is, transformational and the amount of energy that can be moved in the process is a phenomenon. Receive the relief within this layer.

I'll talk to you soon. Bye-bye
