What would you like to improve?

Intimacy Type N^o. 2

AN ACT OR EXPRESSION SERVING AS A TOKEN OF FAMILIARITY OR
AFFECTION

On a scale of 1-5 with yourself first. Do you feel you ACT/EXPRESS a level of intimacy towards yourself?

Do you address yourself kindly, both internally and externally? i.e. Do you defame yourself in public, talk yourself down, use rude or condescending language? What about your internal voice?

Now... On a scale of 1-5 how would you rate your acts of intimacy with your partner?

Do you feel you ACT/EXPRESS a level of intimacy towards your partner? (Do you address them kindly, both internally and externally?) i.e. Do you defame them in public, talk them down, use rude or condescending language? What about your internal voice concerning your partner?

The way you think and act towards yourself and your partner has a PROFOUND affect on your relationship. Simply by changing the way you think about them, can dramatically shift the way you experience your entire relationship.

Intimacy Type N^o. 3

THE QUALITY OF BEING COMFORTABLE, WARM, OR FAMILIAR

On a scale of 1-5 how comfortable are you with yourself?

This may seem like an odd question, but we can attest to times where we felt uncomfortable being in our own skin. Where we felt we didn't quite know ourselves. This can change given outside circumstance, changes in your life... It is important for you to be able to identify if this is present for you. Being able to share with your partner that you feel uncomfortable being you right now, can explain a lot of behavior and instead of fighting or bringing you apart, it can actually bring you closer together.

Now, what about your partner?

On a scale of 1-5 how comfortable are you with your partner?

Just because you are in relationship doesn't mean you feel comfortable and familiar automatically. In fact, sometimes as the years go by you may feel more uncomfortable than you did in the beginning.

PAY ATTENTION: You can also take each other for granted and feel OVERLY comfortable. Because you might feel like you are a 5 and very comfortable, which could be true, but your partner could be interpreting this as you feeling like you no longer have to try or you are taking them for granted.

Intimacy Type N^o. 4

How are you showing up in the area of sex in your relationship?

Now, what about how you feel your partner is showing up? We understand this can feel very scary, it is also incredibly valuable information for you to know.

On a scale of 1-5, how do you feel your partner is showing up in the area of sexual intimacy?

1 being you feel your partner doesn't care, doesn't make time for and is not at all interested in sexual intimacy with you.
